

Studio Rules & Club Code of Conduct

We appreciate your co-operation and trust you will abide by these rules.
Please read carefully. Thank you

Ultimately, PARENTS are responsible for their child/children.

Mascot Physie takes care but NO responsibility.

STUDIO RULES

- Treat the studio and all equipment with care at all times.
- NO RUNNING OR SCREAMING inside the studios before or after classes.
- No touching the mirrored walls.
- Take all your rubbish with you on departure, e.g. food, drinks, dirty nappies etc.
- During class times, noise must be kept to a minimum.

CLUB CODE OF CONDUCT

- Members should be loyal, support the club, and show club spirit.
- Members should follow our set club values: **RESPECT, ENCOURAGE, & STRIVE.**
- Returning members are enrolled into classes before any new members.
- Parents must not approach the teachers before or during classes to discuss matters, as this takes up valuable learning time.
- Any questions or issues should be discussed discreetly with the teacher **AFTER class.**
- While viewing classes, parents must not interrupt the class, and NOISE should be kept to a MINIMUM, or you may be asked to leave the studio.
- During the first lesson, parents can be inside the studio to watch. However, from the second lesson onwards, parents will be kindly asked to observe outside the studio only. This ensures that the students can concentrate without any distractions or noise. Parents will be invited into the class monthly to see their children's progress.
- Due to child protection laws, please **DO NOT POST ONLINE ANY PHOTOS or VIDEOS of other members that may be taken during class or competitions** unless you have permission from parents and /or Club members.
